The Issei Memorial Monument at Odd Fellows Lawn Cemetery commemorates the pioneer immigrants from Japan to California. The Issei, first generation Japanese in the United States, were the first to settle in the United States. This monument recognizes the contributions, suffering and hard work of the Issei. Church ministers, Christian and Buddhist, participate in this memorial service.

Troop 50 scouts will set up chairs, present the Colors, lead the Pledge of Allegiance, retreat the Colors, fold the chairs and other tasks.
